SALTERS'
Festivals
of Chemistry

in partnership with

PLACES STILL AVAILABLE!

Spring has finally arrived and the **Salters' Festivals of Chemistry 2014** are now in full flow and although the closing date has passed there is still limited availability at selected locations.

If you still have not entered a team for this year's **Salters' Festivals of Chemistry**, please contact the Festivals Administrator on the details below to check whether there is availability at a Festival near you.

Email: festivals@salters.co.uk

Tel: 020 7628 5962 ext. 224

If you wish to unsubscribe to this newsletter, please reply to this email with **unsubscribe** in the subject line.

Students experience **hands-on practical chemistry challenges** in the University labs, **amazing chemical demonstrations**, a **Prizegiving Ceremony** with prizes for winning schools and fun prizes and certificates for all participants!

All this costs only **£25 per school** (non-refundable) plus travel expenses.

For further information and to enter online for the **Salter's Festivals of Chemistry 2014**, please visit our website by clicking on the link below:

SALTERS'
Chemistry
Camps

CHEMISTRY CAMPS ARE NOW FULL!

All the places at the **Salter's Chemistry Camps** in **2014** have now been filled. If your school did miss out on places this year, applications for the 2015 Camps will open in the autumn. The opening date will be posted on our website and sent via this E-newsletter in due course.

For further information about the **Salter's Chemistry Camps**, please visit our website by clicking on the link below:

SALTERS-CLEAPSS National Awards for Science Technicians

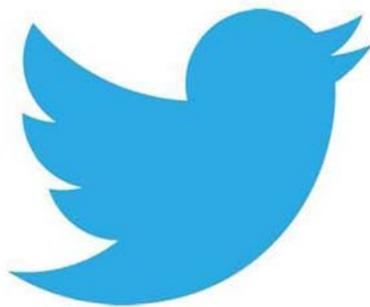

WINNERS OF THE 2013 SALTERS' NATIONAL AWARDS FOR SCIENCE TECHNICIANS

The closing date for the 2014 round of nominations for the **SALTERS-CLEAPSS National Awards for Science Technicians** has now passed. If you missed out on nominating your fantastic technician this year, nominations for the 2015 Awards will open in the autumn. Further details will be posted on our website and sent via this E-newsletter in due course.

For further information about the **SALTERS-CLEAPSS National Awards for Science Technicians**, please visit our website by clicking on the link below:

OTHER NEWS

Primary Science Teacher Awards 2014

Nomination forms available

Primary Science Teaching Trust has sponsored the Primary Science Teacher Awards since 2003. In addition a special award is made each year recognising the achievements of a teacher working in challenging circumstances. Also since 2012 a number of awards have been further endorsed by **Learned Societies** and others (namely the Institute of Physics, Royal Meteorological Society, the Royal Society of Chemistry, Society of Biology, The Comino Foundation and The Geological Society), which recognise the achievements of teachers working in these particular areas of science.

A Primary Science Teacher Award recognises innovative and creative work that contributes to science development in school and engages children in the excitement and wonder of science. They are open to full-time and part-time primary school teachers.

Each winner receives £500 for their school and £1,000 for themselves – plus a certificate.

Nominating a teacher is easy: Just download the form [here](#) and send it to our Administrator, Sue Williams, (email: sue.williams@psstt.org.uk). The closing date for the 2014 nominations is **Monday, 8 September 2014**.

Recognising outstanding Primary Science Teachers is very important to the Trust, as all winners automatically become Fellows of the **Primary Science Teacher College**. The College enables these excellent teachers to develop new projects, undertake professional development and to disseminate best practice from their own teaching and that from the Trust funded work.

Find out more about the Primary Science Teacher College [here](#).

Do you work with an outstanding technician?

If you know someone who has made an exceptional contribution in their role as a technician, acknowledge their commitment and support by nominating them for the **Royal Society of Chemistry's Chemistry Technician of the Year Award**.

This is an award that specifically recognizes technicians that have been working in a technical support role, with a strong basis in chemical sciences. In recognition of their achievement award winners receive £2,000 prize money.

Last year's winner, Wendy Thorburn, Kingdown School, Warminster on receiving the award said:

" I couldn't believe it, I felt so very proud. It is so nice to be appreciated and know that you have the support of your colleagues."

If you have any comments or suggestions please contact Stephanie Mearns on tel: **020 7628 5962 ext. 260** or email: publicity@salters.co.uk
