ENTER A TEAM NOW!

Entries for the **2016 Salters' Festivals of Chemistry** are **NOW LIVE on our website!!** Don't miss out on participating in one of these fantastic events which:

- Excite pupils by doing practical chemistry
- Give pupils responsibility to carry out investigations "like a real Chemist"
- Encourage team working and independent problem solving skills
- Give teachers an opportunity to network and participate in CPD

48 Salters' Festivals of Chemistry are planned at Universities and Colleges throughout the UK and Ireland between March and June 2016.

One team of **four** students per school are welcome to participate from:

- Year 7 and/or 8 in England and Wales
- Year P7 and/or S1 in Scotland
- Year 8 and/or 9 in Northern Ireland
- Primary 6 and/or Secondary Year 1 in the Republic of Ireland

Student will experience 2 hands-on practical Chemistry challenges, exciting chemical demonstrations, a Prizegiving ceremony with prizes for winning schools and fun prizes and

certificates for all participants.

All this costs only **£25 (€30) per school** (non-refundable) plus travel expenses.

CLOSING DATE: 31 JANUARY 2016

For further information and to enter online for the **Salters' Festivals of Chemistry 2016**, please visit our website by clicking on the link below:

SALTERS'

Chemistry
Camps

SALTERS' CHEMISTRY CAMPS COME TO A CLOSE AFTER A FANTASTIC 18 YEARS!

The Salters' Chemistry Camps have been running for 18 years with a total of 185 Camps taking place, hosted by 15 different Universities across all parts of the UK and 9,500 students have had the opportunity to participate. This has been a very successful project, but in order that the Institute can develop new projects in the run up to the Institute's Centenary in 2018, as well as planning to expand the Festivals programme, it has been decided to end the Camps programme with immediate effect.

We would like to thank everyone who has been involved with making the Salters' Chemistry Camps so successful over such a long period, which includes University staff, Teacher Mentors and not least the thousands of students who participated.

We now look to the future and in addition to the new and exciting Institute projects now in the pipeline, the Chemistry Camps continue in India where we have held the first two pilot Camps in Bangalore and Kuppam in June/July. Two more Camps will be taking place this December in Vellore and Pune, with many more planned over the next few years as part of the "Inspirational Chemistry Programme" sponsored by Dr Yusuf Hamied and in collaboration with the Royal Society of Chemistry.

For further information about the Salters' Chemistry Camps please visit:

SALTERS' CHEMISTRY CLUB HANDBOOKS 1 AND 2

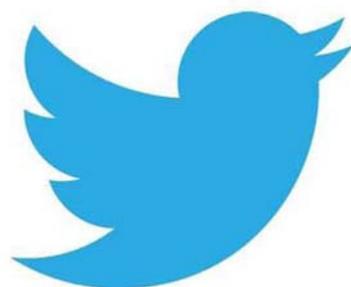

The **Salters' Chemistry Club Handbooks 1 and 2** are a very popular source of activities for teachers to use in chemistry clubs, enrichment activities or open evenings etc.

With basic, intermediate and high level worksheets, as well as puzzles and games, there are activities for students of all abilities.

The Handbooks 1 and 2 are now out of print but all the activities are available to download online by clicking on the link below:
