

# A Pinch of Salt!

Salters' Institute will be at the **ASE Conference** in Liverpool this week, so do come and visit our stand! You will find us at AS18.

## ASE ANNUAL CONFERENCE 2018

Do come and say hello to the Salters' Institute this week at the ASE Annual Conference 2018! We will be located at **AS18** and will be available to answer any questions.

### And...

To celebrate **100** years, the Master of the **Salters' Company**, **Reverend Professor Michael Reiss**, will be giving a lecture about the future of science curriculum.

### "Twenty years after Beyond 2000"

In 1998, the Nuffield Foundation funded report Beyond 2000 was published. Written and edited by Robin Millar and Jonathan Osborne, it proved to be exceptionally influential. It crystallized issues about the function and audience for school science and led to a major shift in the science National Curriculum. Twenty years later, what is its legacy and is there any longer room for its vision of scientific literacy for all? What do we now think should be the purpose of school science and who should decide such questions? The lecture will reflect on these issues with particular reference to the work of the Salters' Institute, which is celebrating its Centenary in 2018.

Please join us on **Friday 5 January 2018 at 12 noon** in **The Central Teaching Hub, Lecture Theatre B** followed by a light lunch.

Salters' Institute  
**FESTIVALS OF CHEMISTRY**

in partnership with

## SALTERS' FESTIVALS OF CHEMISTRY

One-day fun events for Year 7 and 8 students held at Universities and Colleges throughout the UK and Ireland. A fantastic way for students to experience independent, practical chemistry in a University or College laboratory!

### New venues for 2018!

The Salters' Institute is very happy to announce four new Festival sites for 2018! We are already excited for these events and to give more students the opportunity to attend a Salters' Festival of Chemistry. We are looking forward to working with these universities to create these practical and immersive days for the students.

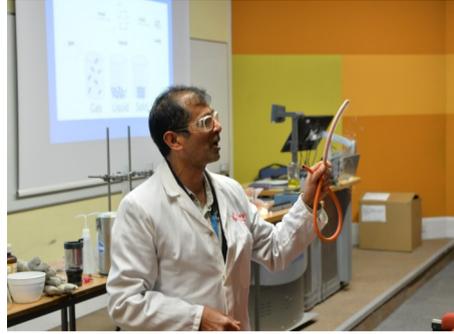

The new Festivals for 2018 are:

- The University of Edinburgh (P7 only) - Friday 4 May
- The University of Salford – Monday 23 April
- The University of Strathclyde (ASN specific) - Wednesday 16 May
- University of Swansea - Tuesday 12 June

In addition to the above, we are very pleased to welcome back as hosts after a year's break; The University of East London and Keele University.

Places are filling up fast! Please submit your entry before the deadline on Wednesday 31 January. We look forward to receiving your entry!

More information shall follow for the Year 9 Festival programme soon!
